

Hokey's Quick Notes

Root Crops → Loose soil, steady moisture, patient pays.

Cereals → Full sun, fertile soil, block planting for pollination.

Legumes → Fix nitrogen, moderate soil, quick pods + soil boost.

Salad Crops → Cool temps, rich soil, partial shade in heat.

Cabbage Family → Cool weather, mulch, rotate to avoid pests.

Spinach & Greens → Thrive in cool shade, harvest often.

Squash Family → Warm season, sprawling vines, mulch + pollination.

Onion Group → Full sun, weed-free beds, steady moisture for bulbs.
